

# CHALLENGE AIRCLOTH

## Cruising Laminates - Polyester

<i>Fabric</i>	<i>Warp x Fill Count</i>	<i>Warp x Fill Denier</i>	<i>Mil</i>	<i>Taffeta</i>
PC50	6 x 4	1000 x 500	1.0	50 x 150 / 50 x 150
PC60	6 x 4	1000 x 500	1.0	50 x 150 / 150 x 150
PC65	6 x 4	1000 x 500	1.5	150 x 150 / 150 x 150
PC75	6 x 4	2000 x 500	1.5	150 x 150 / 150 x 150
PC90	6 x 5	3000 x 500	2.0	150 x 150 / 150 x 150
PC110	6 x 5	4000 x 500	2.0	150 x 150 / 150 x 150

Cruising Laminates: Although Polyester, PEN, and PEN Taffeta laminates have been treated with the latest mildew resistant technologies, they will mildew under certain conditions, as will cruising laminates by all manufacturer, to our knowledge. Challenge sells Bioshield which may be applied to sails before use, and now supply the experimental CS-530 Mildew Remover: Mildew is largely removed from sails soaked in this solution.
